

Erasmus for Young Entrepreneurs

SUCCESS STORY

New Entrepreneur

Name : Vitalii Kosenko
Country: Poland
Status: entrepreneur
Sector: Food, beverages and related products

Date of exchange: from 01/10/2019 to 25/12/2019

Duration of exchange: 3 month

I am student from Poland. I always wanted to start my own business. After graduating the university, I decided to work hard on my goal. Thanks to the Erasmus Program for Young Entrepreneurs I've managed to obtain all the necessary knowledge.

Host Entrepreneur

Name: Volodymyr Bilinskyi
Country: Ukraine
Experience: Experienced entrepreneur
Sector: Legal, fiscal and other consultancy services
Name of business/website: Dexia / dexia.com.ua

Since October 2019 with relocation to Ukraine I have earned invaluable experience. I took a part in workshops and trainings, obtain practical skills in brainstorming, data processing and market analysis. During this relationship I could make a close friendship with my Host Volodymyr Bilinskyi. He helped me with SWOT analysis of my idea, what is really important for me. Volodymyr taught me everything he knew about entrepreneurship, thanks to this experience my goal doesn't seem like something impossible anymore. But the most crucial thing is that I have completed my business plan. Participation in EYE program gave me much more than just new knowledge of foreign market. I had opportunity to face up my ideas, and discover more possibilities. I could take a look at me from other perspective in the international environment.

I wish everyone to join this program and feel this amazing feeling.

Vitalii Kosenko

“Thanks to young motivated entrepreneur, I was able to realize all my planned goals which are: developing modern business strategy, planning to internationalize my business and so on.”

Volodymyr Bilinskyi

- I grant Erasmus for Young Entrepreneurs Support Office the right to use my story in its publications
